

UNITED

2017 Required Kit

www.soccerloco.com

Club Code: **sdunited**

If you don't have an account with Soccerloco you will create a unique user login at www.soccerloco.com. When you create your account, please enter **sdunited** in the box for "Belong to a Member Club? Enter code below." This is our club code and is how the system knows to give you the San Diego United pricing as well as what player and/or fan gear is available.

Be sure the player knows his/her player number before placing an order (check with your Team Manager). Soccerloco will not accept returns on personalized items because the number is wrong.

Under the "**Game Day**" option

1. Jersey – Graphite/White – same style as 2016 (this will change in 2018)
2. Jersey – White/Black – **NEW STYLE (Threadbone) for 2017 – ALL players are required to order the new style**
3. Shorts – Black/White – **NEW STYLE (Threadbone) for 2017 – ALL players are required to order the new style**
4. Socks – Black
5. Socks – White

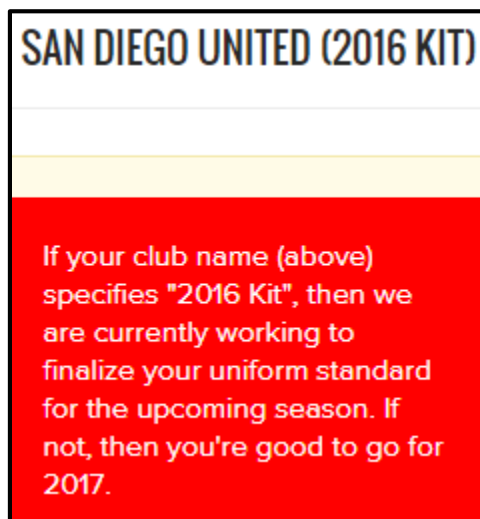

Under the "**Training**" option

1. Tee – Maroon – **NEW COLOR 2017 – ALL players are required to order the new style**

For Goalkeepers – Under the "**Goalkeeper**" option

1. Select either the Purple or the Green jersey – (you don't need both colors) – these are new styles and colors for 2017

White shorts are in the "Training" section and are not required. The team, as a whole, must decide to get the white shorts.

NOTE: When you log into the Soccerloco web-site, if you see that San Diego United still has "2016 KIT" noted (see example to the left), do not order anything as those are last year's options! Try back until you don't see "2016 KIT"; we will send a Team Snap email out to everyone when we know that the new season kits are available.
